It has come to my attention that the FCC is proposing to expand the LPFM service in a way that allows LPFM stations to take priority over current FM translator services.

I do not support this service expansion. I am a regular listener of K-LOVE radio, a national service that uses FM translators.

K-LOVE radio is a family station. It is a wonderful alternative to stations which offer profanity and disgusting talk radio. It will be a detriment to my community if K-LOVE is forced off the air. The K-LOVE radio service is in the public's interest. The station regularly speaks of community service events and provides a healthy alternative for our young people.

This is a time when the American media has a strong and convincing voice in America. Please do not derail one of the few voices of morality, ethics and hope which is found in K-LOVE radio.
